Jolipet Adult Dog with Chicken

Complete, uberpremium food for adult dogs, based on one unique protein source, developed in cooperation with academic researchers. Excellent digestibility thanks to high-grade ingredients.

Composition

Jolipet Adult Dog with Chicken exclusively contains human-grade ingredients and no offal or waste streams of fruit and vegetables.

- ✓ 56% chicken, obtained in the same way as human-grade chicken. Our pet food does not contain chicken carcasses, a cheap and frequently used, but unsafe source of proteins and calcium.
- ✓ Shortly boiled rice, carrots and spinach, for an optimal digestion.
- ✓ Freshfrozen apples, a source of natural vitamins.
- ✓ Vegetable oils and greases, to provide the optimal omega-3/omega-6 ratio.
- ✓ Minerals and vitamins, for an optimal absorption in the digestive system, to provide amongst other things the optimal calcium/phosphorus ratio.

Thanks to our continuous cooperation with academic researchers, our recipes are based on recent scientific research on pet foods.
